WELDER

Job Overview

RAM Industries, has immediate openings for a full time journey person welder. RAM is a leader in the design and manufacture of hydraulic cylinders and machined components for North American markets.

Job Requirements

Daily tasks include non-repetitive small and large batch jobs. Working with a team, highly skilled workers enjoy little supervision while those requiring more training are mentored by long term, experienced employees.

Welders work in a clean and organized work space on gas metal arc welding with semi-automatic welding machines.

Benefits

The position is located at our Head Office in Yorkton, Saskatchewan. Yorkton serves as center of the 3rd largest trading area in the province of Saskatchewan. We're a family friendly city with many retail, service, and recreational amenities available to residents. For more information, please see www.tourismyorkton.com, www.movingtoyorkton.ca, and www.yorkton.ca.

A full Company benefit plan is available to all RAM full time employees. Benefits include Life Insurance coverage, Disability benefits, Health-Dental and Vision plans, as well as a discounted Gym Membership program. RAM also offers participation in a matching Company Pension plan and a Canada Savings Bond plan. Our employees enjoy time together throughout the year with many RAM sponsored events, including picnics, skating parties, company lunches, and a special year-end dinner awards gala.

How To Apply

Please submit your resume with cover letter highlighting your interest and background to jobs@ramindustries.com. Our HR team reviews all incoming resumes and applications for suitability with current openings. All applications remain in our database for a minimum of 3 months, in the event future opportunities might be a match with your skills, experience and interest.

Thank you for your interest in RAM Industries!
